This means that a customer who has a billing date of 4th of the month can spend on his Card from 5th April to 4th May, his bill will be generated on 4th May and his Payment Due Date will be 24th May. Hence a purchase made on 14th April will have a credit period of 41 days, while a purchase made on 2nd May will have a credit period of 23 days. This period will be free of interest only if all previous dues are paid in full and there is no unpaid balance carried over from previous months

2. Limits

HDFC Bank at its sole discretion will determine the Cardmember's credit limit and cash withdrawal limit. (Add-on Cardmembers share the same limit). 3. Finance Charges

- Finance charges are payable at the monthly percentage rate on all transactions from the date of transaction in the event of the Cardmember choosing not to pay his balance in full, and on all cash advances taken by the Cardmember, till they are paid back. Finance charges, if payable, are debited to the Cardmember's account till the outstanding on the card is paid in full.
- Finance charges on cash advances are applicable from the date of transaction until the payment is made in full.
- When the customer carries forward any outstanding amount or avails of Cash Advance, a finance charge calculated by average Daily Balance Method, will apply to balances carried forward and to fresh billings.
- If a Cardholder avails of the revolving credit facility of the HDFC Bank Credit Card and hence chooses to pay an amount less than the total amount due reflected in the monthly billing statement, the entire outstanding amount would attract finance charges and all new transactions will also attract finance charges till such time as the previous outstanding amounts are repaid in full.

Late Payment Charges excluding Infinia will be applicable if Minimum Amount Due is not paid by the payment due date, Clear funds need to be credited to HDFC Bank Card account on or before the payment due date, to avoid Late Payment charges. Late payment charges are applicable as:

Statement Balance	Late Payment Charges			
	(W.e.f. 1st April'19)			
Less than ₹100	-	Nil		
₹100 to ₹500.	-	₹100/-		
₹501 to ₹5000	-	₹500/-		
₹5001 to ₹10000	-	₹600/-		
₹10001 and 25000	-	₹800/-		
More Then ₹25000	-	₹950/-		

Over limit charges excluding Infinia are applicable on total outstanding exceeding the Credit Limit at the rate of 2.5% of the over limit amount subject to minimum of ₹500.

The following illustration will indicate the method of calculating various charges

Assume that you have paid all previous dues in full and do not have any amount outstanding in your Card Account. Your statement date is 18th of every month. The following is the list of transactions you have done on your card account.

Date	Transaction	Amount	
10-Apr	Purchase of household goods	₹15,000	
15-Apr	Purchase of garments	₹ 5,000	
18-Apr	Statement Date	Total Amount due = ₹20,000 Minimum Amount Due = ₹1,000	
12- May	Payment into card account (Late payment charges will be applicable here)	₹2,000 (Credit)	
14- May	Purchase of Groceries	₹1,000	
15- May	Payment into card account	₹15,000	

Thus, on the statement dated 18th May, the following will reflect as the component of the total amount payable by you

Interest calculated = (outstanding amount* 3.49%Pm*12 months*no of days)/365. Therefore,

a. Interest on ₹15,000 @ 3.49%pm from 19 April to 11 May (i.e for 23 days) = ₹395.85
Interest on ₹13,000 @ 3.49%pm from 12 May to 14 May (i.e for 3 days) = ₹44.75
Interest on ₹5,000 @ 3.49%pm from 19 April to 14 May (i.e for 26 days) = ₹149.16

Interest on ₹3,000 @ 3.49%pm from 15 May to 18 May (i.e for 4 days) = ₹13.77

Interest on ₹1,000 (fresh spends) @ 3.49%pm from 15 May to 18 May (i.e for 5 days) = ₹5.74 Total interest = ₹609.27

- b) Late Payment Charges = ₹800 (excluding Infinia)
- c) GST@ 18% of interest and late payment charges = ₹253.6
- d) Total principal outstanding amount = ₹4,000
 (₹1,000 fresh spends + balance ₹3,000 outstanding from last month's billing period)

Hence Total Amount Due = (a) + (b) +(c) + (d) = ₹5662.87

Please note that the Finance Charges and other charges are subject to change at the discretion of HDFC Bank.

Also please note that if the Cardmember exceeds the credit limit of the accounts, Over Limit Charges excluding Infinia will be levied on the account. For a list of charges that may be levied at specific instances, please refer to the Schedule of Charges available at the end of this document.

Minimum Amount Due (MAD) -- 5% of the Total Amount Due and rounded to the next higher 10th digit. (OR) Minimum Rs. 200.

MAD amount computed will be rounded-Off to the next multiple of 10th digit for wherever there are no 100% MAD computation happens. Example: If the MAD amount is Rs. 1503.50, post computation it will be rounded-Off to next multiple of 10th digit i,e Rs. 1510
