to me ▾

Dear Customer,

Thank you for Choosing HDFC bank's CORPORATE BANKING Application.

Appended please find the attachment containing the password for logging into the application.

The attachment is protected. Clicking on the attachment will prompt you to enter a password which is a combination of first three characters of Domain ID and first three characters of your User Id.

For Instance

If your Domain id CBXTEST , User Id is INPTEST , then the password is CBXINP

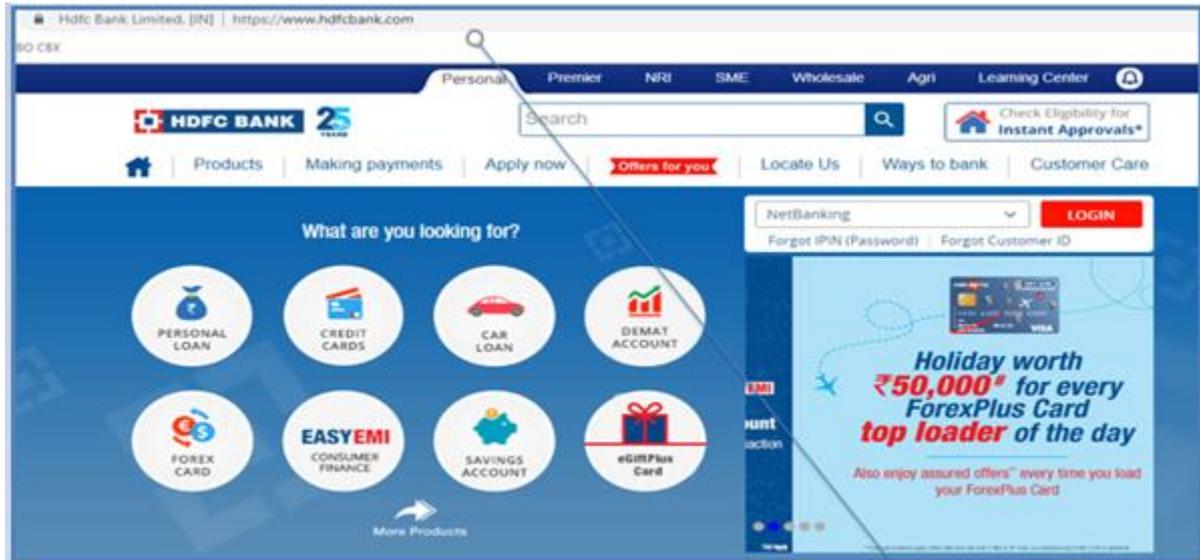

Please click here to login :- <https://corporatebanking.hdfcbank.com/cbx/>

This is an automated system generated email so kindly do not reply to this message.

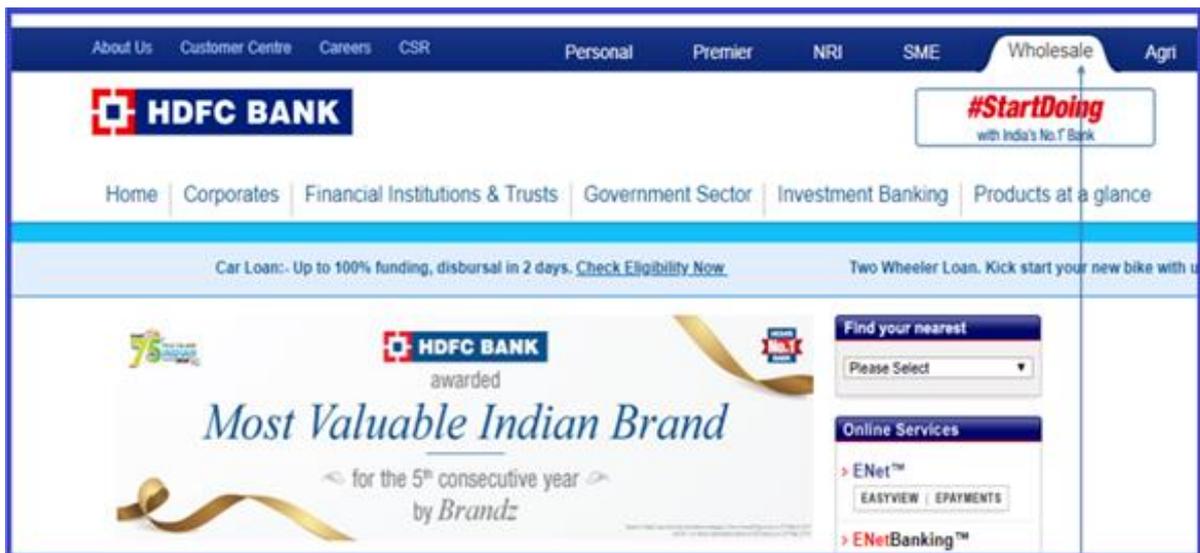

In case of any support requirements, kindly contact '[enetops@hdfcbank.com](mailto:enetops@hdfcbank.com)'.

With Regards,  
HDFC Bank Ltd

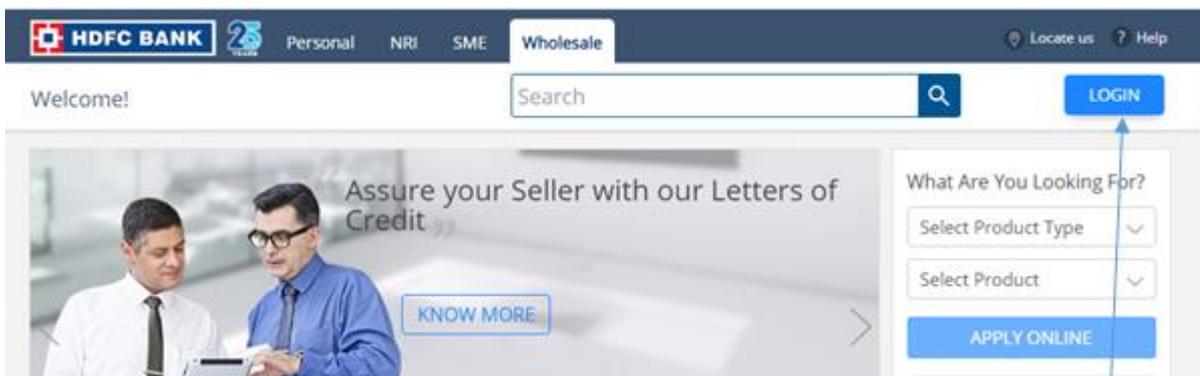

# Login Step

Open **Google Chrome** browser and type site address

Click on "Wholesale" option to access Corporate Banking page

Click on Login

## Wholesale Login

Login to an Online Service for Wholesale

- ENet™ Easy View
- ENet™ EPayments
- ENetBanking™
- **New Internet Banking For Corporates**
- IndiaLinkFor Exchange houses
- Cash Management
- MFPI ePortal

**Please mention the User ID, Domain & Password received over mails**

### Login to CBX

The screenshot shows a login form titled "Login" with a computer icon. On the left, there are labels for "User Id", "Domain Id", and "Password". The form contains three input fields: "Please enter Login ID", "Please enter Domain Id", and "Enter Password". Below the fields is a checkbox for "Enable Virtual Keyboard" and a blue "LOGIN" button. A link for "Forgot Password?" is at the bottom. Three numbered callouts (1, 2, 3) point to the input fields with text boxes: "1 User need to input the ' User Id'", "2 User need to input the ' Domain name '", and "3 User need to input the ' Password '".

**Once user clicks on Login, Then it will ask to change the Password**

The screenshot shows a "Change Password" form with a computer icon. It has three input fields: "Old Password", "New Password", and "Confirm Password". Each field is filled with dots. Below the fields are two blue buttons: "SUBMIT" and "CANCEL". Three callouts with arrows point to the fields: "Password received in the registered email id need to input in ' Old Password'." for the Old Password field, "User need to input the ' New Password'" for the New Password field, and "User need to confirm ' New Password'" for the Confirm Password field.

Please note below guidelines while setting the new password.

### Password Policies

- Must be between 8 and 16 characters.
- Must be alphanumeric.
- Should not be part of First, Middle or Last Name.
- Must not be same as the user ID.
- Must contain upper and lower case alphabets.
- Must not contain space or any special character.
- Previous 5 passwords cannot be re-used.

## Soft Token Registration

Once the user successfully login into the CBX system for the first time, below message will appear for registration of Soft Token

After clicking "Register now" below message will appear.

## User need to verify the mobile no./ email ID & accept the T & C

Once the user clicks on Register, registration token (8 digit OTP) will be sent via SMS to mobile number of user

Now User needs to download the app (HDFC Bank eToken) from Play Store (Android user) or App Store (IOS user)

## The mobile app downloaded on the user mobile will be password protected

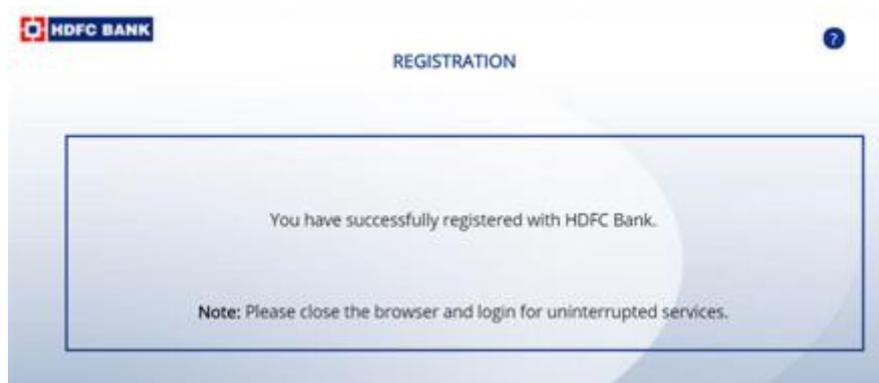

Set 4 digit numeric Password to login the App

Registered Mobile number should be in SIM -1 slot

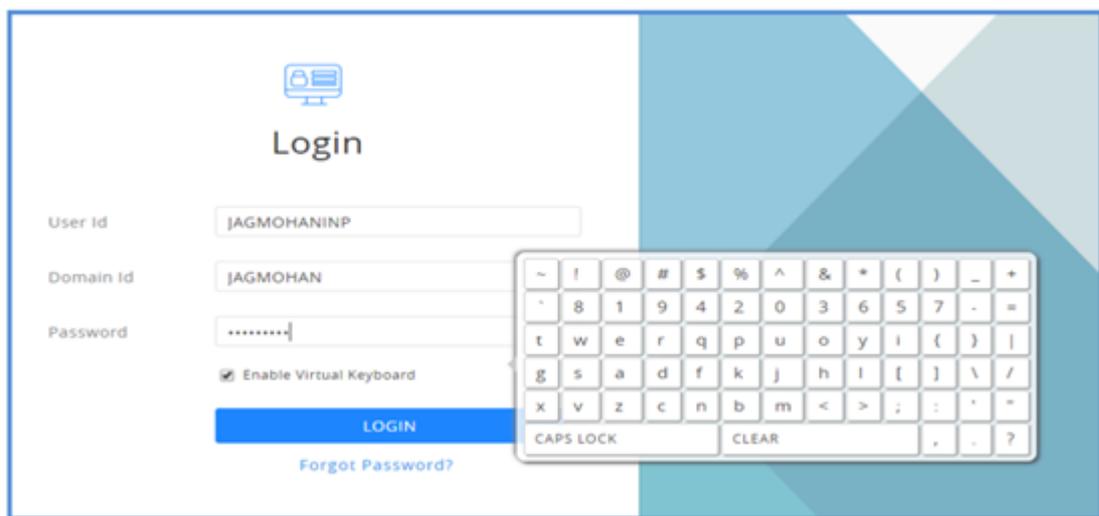

## Once the password is set, it will ask to enter Registration Token Number

Once the registration token (OTP received in SMS ) is correctly inputted in the Soft token app, the registration is successfully completed

**This is one time activity, Now user is registered for OTP generation**

Post completion of the registration activity user need to close the App & Browser where CBX is logged in and do fresh login into CBX

**After entering the credentials in CBX Login screen, It will prompt the user to enter the Dynamic Password**

Corporate Netbanking - Google Chrome  
corporatebanking.hdfcbank.com/cbx/CBXLogin.jsp
