# Safe harbour statement

Certain statements are included in this release which contain words or phrases, such as 'will', 'aim', 'will likely result', 'believe', 'expect', 'will continue', 'anticipate', 'estimate', 'intend', 'plan', 'contemplate', 'seek to', 'future', 'objective', 'goal', 'project', 'should', 'will pursue' and similar expressions or variations of these expressions, that are 'forward-looking statements'. Actual results may differ materially from those suggested by the forward-looking statements due to certain risks or uncertainties associated with our expectations with respect to, but not limited to, our ability to implement our strategy successfully, the market acceptance of and demand for various banking services, future levels of our non-performing loans, our growth and expansion, the adequacy of our allowance for credit and investment losses, technological changes, volatility in investment income, our ability to market new products, cash flow projections, the outcome of any legal, tax or regulatory proceedings in India and in other jurisdictions we are or become a party to, the future impact of new

accounting standards, our ability to pay dividends, the impact of changes in banking regulations and other regulatory changes on us in India and other jurisdictions, our ability to roll over our short-term funding sources and our exposure to market and operational risks.

By their nature, certain of the market risk disclosures are only estimates and could be materially different from what may actually occur in the future.

As a result, actual future gains, losses or impact on net income could materially differ from those that have been estimated. In addition, other factors that could cause actual results to differ materially from those estimated by the forward-looking statements contained in this document include, but are not limited to: general economic and political conditions, instability or uncertainty in India and other countries which have an impact on our business activities or investments caused by any factor, including terrorist attack in India, the United States or elsewhere, anti-terrorist or other

attacks by the United States, a United States-led coalition or any other country, tensions between India and Pakistan related to the Kashmir region or between India and China, military armament or social unrest in any part of India, the monetary and interest rate policies of the Government of India, natural calamities, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in Indian and foreign laws and regulations, including tax, accounting and banking regulations, changes in competition and the pricing environment in India, and regional or general changes in asset valuations.
